

## Stryker 1020 Trauma Stretcher - Refurbished

*Stock Photo – Options May Vary*

The Stryker 1020 Trauma Stretcher offers stability for the critically injured. Stryker's trauma stretcher provides a secure platform for assessing and tending to critically injured and immobile patients. Its innovative design allows for full-length X-ray capability without having to transfer or reposition the patient.

The 1020 Stretcher features full-length x-ray capability, securely-mounted, lateral c-spine cassette holder, and precisely position slide-out trays for supreme imaging results as well as a 90-degree backrest that helps facilitate imaging access.

The Stryker 1020 Trauma stretcher comes completely refurbished with a comprehensive warranty and a new pad.
