

## Stryker 5051 Eye Stretcher Chair - Refurbished

*Stock Photo – Options May Vary*

The Stryker 5051 Eye Stretcher Chair is ideal for surgery centers and small spaces. Stryker's eye stretcher chairs maximize patient comfort throughout procedures without compromising patient care and outcomes.

The 5051 also features all the benefits of the standard stretcher chair, plus dual-articulation, enhanced-clearance headpiece, adjustable height footrest, 24" wide patient surface, and a fixed position push bar.

Standard features include: dual cylinder pneumatic backrest and dual pedestal hydraulics, swing-down siderails with comfort armrest, and thermoformed ABD hood with integrated storage tray.

The Stryker 5051 Eye Stretcher comes completely refurbished with a comprehensive warranty and a new pad.
