The Luvis L400 LED Surgical Light is not only an ultra-modern, full featured major surgical light, but also has an open center cavity, which promotes air flow over the surgical site. The L400 boasts exceptional quality with energy efficient operation, and the modern features you would expect for a major surgical light in today's OR environment.

The 96 LED'S in each light head produce up to 160,000 lux in a pattern that can be adjusted from 7.8" to 11.8". The Luvis Surgical Light also features a light head mounted control panel that can be synchronized together (dual config) for easy adjustment during surgery.

The Luvis L400 surgical light can come in a single, dual or mobile configuration and includes a 2-year mfg. warranty.
